

Hi! I'm **Edoardo Mariano Golluscio**

COMPUTER ENGINEER

Linkedin

[linkedin.com/in/edoardomariano-golluscio](https://www.linkedin.com/in/edoardomariano-golluscio)

Computer Engineer with a strong focus on cloud architecture and technology-driven project management. Experienced in designing scalable digital solutions, coordinating multidisciplinary projects, and translating technical requirements into business-oriented outcomes.

EXPERIENCE

01

2025 - 2025

R&D COLLABORATOR

University of Basilicata

- AR interface for remote control of a mobile robotic manipulator.
- Research activity under academic supervision.

2024 - 2025

XR DEVELOPER

University of Basilicata

- Developed an AR prototype for cultural heritage sites.
- Designed interactive user experiences and supported field testing.
- Collaboration with the University of Basilicata and Civita Musei S.p.A.

2023 - 2025

DIGITAL CUSTOMER EXPERIENCE SPECIALIST

User Support, Community Engagement & Content Creation

- Supported digital customer interactions and mobile experience workflows.
- Created technical content, analysis and user focused guides.
- Contributed to community engagement and social interactions.

CERTIFICATIONS

02

- AWS Certified Solutions Architect Associate (SAA-C03)
- AWS Certified Cloud Practitioner (CLF-C02)

EDUCATION

03

University of Basilicata

Italian Engineering State Exam
Section A (Licensed Engineer)

University of Basilicata

Master's Degree in IT Engineering
Graduated with highest honors (110/110 cum laude)

PUBLICATIONS

04

- **Biometric Recognition Based on 3D Ultrasound Wrist Vascular Patterns**
IEEE (2023), Co-author.
DOI: [10.1109/TSP59544.2023.10197643](https://doi.org/10.1109/TSP59544.2023.10197643)

SKILLS & EXPERTISE

05

- Cloud, AI & DevOps
- SW Development: Java, C/C++, C#, Python, SQL, Unity
- Modeling & Simulation: MATLAB, Simulink, Ansys, CATIA
- Robotics & XR: ROS, Teleoperation, AR interfaces
- Data Analysis & Remote Sensing (Geospatial)
- Technical Communication: Documentation & UX awareness
